\$100 REWARD! \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

July 16. BROWNIE.

The Kentucky Children's Home Society

is non-sectarian. It seeks to place in good homes the homeless, destitute children of the state, regardless of the church affiliation of the parents. The society carefully endeavors to find suitable homes for its wards. After their placement the society maintains a systematic watch-care over them, removing them when the relations are discovered not to be for the best interests of the child.

Foster parents are required to love, clothe, feed, educate and give religious advantages as to a natural child.

The most needy child is the most earnest sought. The unfortunate child can not escape the efforts of the society to relieve it.

Every part of the state is becoming well organized for the society's operations. The mountains are a fruitful field for child saving.

In the year 1896, the society began its work in Kentucky. In the brief period of eleven years one thousand and seventy-six children have come under the guardianship of the society and have been placed in family homes. In addition two thousand children have been benefited through the aid department. The National Children's Home Society, of which the Kentucky Children's Home Society is a branch, now embraces twenty-nine states, and has placed in homes 85,000 children.

Beyond the current expenses funds are now greatly needed to enlarge the work. To aid in our work of the purest and most generous benevolence we earnestly seek a contribution annually from every good citizen of the state.

"He that hath pity on the poor lendeth unto the Lord."

Compliments of

W. F. PAYNE,

District Superintendent.

Following is the local board of the Kentucky Children's Home Society for Hazel Green: Mrs. Lou Day, Miss Nancy Maple, Mrs. John H. Rose, Rev. M. O. Carter, H. H. Swango.

Not an Announced Aspirant.

Although he was not an announced candidate for the Democratic nomination for congress in the Tenth district, Henry L. Godsey, of Hazel Green, in Wolfe county, received 27 votes on the first ballot. His name was put before the convention by his friends. Mr. Godsey is a strong man in Eastern Kentucky politics and his friends hope that he will really enter the race when the time for the next convention comes around.

After the nomination of Amos Davis at Estill Springs, Mr. Godsey in response to the repeated cries for him addressed the convention in one of the most able and eloquent speeches of the session.—Lexington Herald.

Miss Artie Dye, after spending several days at Wellington as the guest of Mr. and J. K. Lyons, returned home this week accompanied by Mrs. Lyons, who will be her guest for a short while. Miss Arta opened school Monday at Consolation, after receiving notice from each patron that they would send their children to no other teacher. This is a good endorsement of her ability as a teacher, she having taught the same school last year. And without disparagement to the merits of any one, the patrons unite in saying "Hurrah for our little school marm."

Somebody on the Murphy fork has suffered a raid on their poultry yard, for a hobo painter came to our office early Monday morning with two nice Plymouth Rock fryers. Anyone who may identify the feathers, pay for this notice and prove that the poet-painter purloined them, may board that gentleman a full week.

Boone Phipps, of Demund, came over Thursday and took a photograph of the boys dormitory so we can have made a cut and picture it in the catalogue of the school we are now printing. It will be known as "The Helen E. Moses Memorial," in honor of the lamented president of the National C. W. B. M.

Mesdames Judge Wheeler and Roscoe Shackelford went over to the Phillips farm on Grassy (the Miles Murphy homestead) Monday and got two or three bushels of those old summer apples, and on their return left four for the editor and his better seven-eighths, for which they have our thanks.

Mrs. A. C. Nickell, whose illness has been mentioned heretofore, is still in a critical condition and is growing weaker day by day. She is at a stage where she requires almost constant attention, and the result is that Dr. Nickell has practically relinquished his practice so he can attend her.

Road Building in the Country.

In some respects the following description is so much like the system that prevails throughout our mountains that we reproduce it: "Don't you people ever work the roads in this section?" asked the automobilist, as he pried the rear wheel of his machine out of a rut with a fence rail.

"Work 'em? Well, I should say we do," answered Uncle Charles Seaver from the top rail of a fence. "Why, we work these roads on the assessment plan; none of that money system for us fellers. Every farm is assessed so many days' work on th' highway, an' after the farm work is done an' we ain't nuthin' else ter do we all turn out, 30 or 40 uv us, with plows, horses, picks, shovels an' hoes to work th' roads. I tell you it's a picnic. Work? Why, they make the dirt fly until they get tired. Then we find some shady spot to rest, eat our lunch, drink some cider, smoke an' maby play a game er two uv seven-up. An' we call hit a day."—New York Press.

Election of School Trustees.

C. F. Kash and Charley Cecil are candidates for school trustee in the Hazel Green precinct, the election to be held the first Saturday in August, under the secret ballot. But the secret ballot does not prevent them and their friends from electioneering, and the race may prove as interesting and exciting as horse race with betting eliminated. Both men are qualified for the position, and looking at it from this distance it appears to us a case where the most popular man personally will pluck the prize. So be it, and let the other one forever hold his peace.

The Remedy That Does.

"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn Centre, Pa. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me perfect health." This renowned cough and cold remedy and throat and lung healer is sold by all dealers at 50c and \$1. Trial bottles free.

The Ethereal Realm.

Between Heaven and Earth can you discriminate? Ah, yes! for this Earth is nothing but sorrow and fate. And Heaven in the ethereal skies, Beyond many a revolving planet it lies. With its blooming rainbow flowers, From whence come those early showers; And from those light celestial clouds aloft, Like some fair voyager in his mythological boat, And those clouds that sail o'er this earth. You call it joy, happiness and mirth. But it is only sadness and melancholy love for me, Which is the only side the "curious" can see. Insko, Ky. EMIN ELAM.

THINKING OF MOVING WEST?

If not, then make up your mind and write me for descriptive list of farms in Missouri, Kansas and Oklahoma. All fine, level, productive land that will grow anything under the sun, at prices ranging from \$15 to \$40 an acre and come where life is made tolerable by easy, profitable farming. Why sweat and fret life away in the vain effort to eke out a mere miserable sustenance from the rock-ribbed, root-laced hillsides as your father and father's father did, when there is so much good land to be had yet awhile for a mere song? Get out of the rut—break away from the time-worn habit that keeps your toes to the grindstone. All it takes is resolution and a little nerve. Write me, and let me help you to a better condition.

"I had been a sufferer for a number of years with lumbago and sciatica, and it was a great relief to find a remedy that I could get from medical works, and also consulted with a number of the best physicians, but found nothing that gave the relief obtained from 'DROPS.' I shall prescribe it for my patients and use it in my practice."

DR. C. L. GATES
Hancock, Minn., writes:
"A little girl had a weak back caused by rheumatism and kidney trouble that she could not stand on her feet. The moment they put her down on the floor she would scream with pain. I treated her with 'DROPS' and today she runs around as well and happy as can be. I prescribe 'DROPS' for my patients and use it in my practice."

KENTUCKY KERNELS

Carefully Collated and Concisely Chronicled.

Menefee county is said to be out of debt and have a balance of \$897.81 in the treasury.

The pastor of the Baptist church at Harrodsburg has announced that during the heated term men will be allowed to attend evening services in their shirt sleeves.

George Reffitt and George Long found a bee tree one day last week and when they cut it found two swarms in it about nine feet apart, one the black bee and the other the Italian bee.

Deputy United States Revenue Collector Sam Collins and posse had a pitched battle with moonshiners on Jack's creek, in Floyd county, with the result that Bud Hall was killed. The revenue men escaped uninjured. A few days ago another battle occurred at the same place, when one man was fatally wounded.

Clay City Times: Everett Mofield and Mrs. Ella Meeks, both of this city, were married at Stanton Thursday, July 9. It was the third venture of both parties. Reese Horton, who stabbed Gardner Nelson in an altercation between the young man's father and Nelson, appeared before Judge Derison and waived the right to examining trial. He was released on \$2,000 bond to await the action of the grand jury at the November term of court.

Mrs. Corilla Bland, who lived in Louisville many years, died in Bowling Green as the result of a peculiar accident. Mrs. Bland forgot to remove her false teeth when she retired for the night and was awakened about two o'clock by a violent attack of coughing. Doctors who were called discovered that her false teeth had lodged in her throat. An attempt was made to remove the teeth and the doctors were compelled to use considerable force, and as a result Mrs. Bland burst a blood vessel in her brain, which caused her death.

The Winchester Sun-Sentinel is responsible for the following: "We reported last week the marriage by County Judge Evans of James Dixon, of Jackson county, to Miss Lottie Toy, of Bath county. Miss Toy, it appears, is only a temporary resident of the city. Mr. Dixon was a visitor. He had only known Miss Toy for a few hours and not well enough to know her name. They were married at ten o'clock Tuesday night and separated Wednesday morning, the bride refusing to go to the mountain home of the groom. Mr. Dixon before leaving said the proceedings cost him \$11." Guess she was just toying with him.

From the Morgan County News we clip the following: Mrs. Gillie Ann Lacy, wife of W. A. Lacy, died last Friday at her home, on White Oak, at the age of 74 years, after an illness of about two years. She is survived by her husband and five children—Mrs. Phoebe Lykins, Mrs. Dora Swango, J. A. Lacy, D. B. Lacy and W. C. Lacy. She was a sister to the late Judge John E. Cooper, who died at Hot Springs a few months ago. Married, Sunday morning, July 12, at the residence of Rev. Clay Wheeler, in Salyersville, W. W. Cartmell, of this place, to Miss Carrie Harmon, of Salyersville. Mr. Cartmell is a son of our fellow-townsmen, Ellis Cartmell, and Miss Harmon is the daughter of Elliott Harmon, of Salyersville.

A special from Carlisle says: "Cutting out the 1908 crop of tobacco in this section has not cut out the 1908 crop of tobacco worms altogether. Notwithstanding the fact that not a plant of tobacco is being cultivated for the market in Nicholas county, the tobacco worms are here nevertheless, and in some sections are to be found in abundance. But inasmuch as their favorite food is not to be found, they have found it necessary to turn their attention elsewhere and satisfy their hunger on other things. In a great many instances they have chosen tomato vines, to the great dissatisfaction of many gardeners. In some instances almost full grown tobacco worms have been found thriving on tomato vines, doing considerable damage before the unsuspecting gardeners awakened to the fact of their presence."

BIG MEDICAL FEES.

Enormous as is the \$4,000 fee for the recovery of which a well known Paris surgeon is being sued, it is far from constituting a record. Nearly a century ago Sir Astley Cooper received £1,000 more for a trip to Vienna to attend upon Prince Esterhazy, and for a journey to St. Petersburg to vaccinate the Empress Catherine II. Dr. Dimsdale received £10,000, an annuity of £500 and a Russian barony. For doctoring the nawab of Rampur during an attack of rheumatism an English army surgeon was rewarded by a £10,000 fee. The czar of Russia once paid £15,000 to Professor Zacharine of Moscow for two days' attendance. Dr. Keyes, an American physician, was £12,000 richer for a pleasant trip on the yacht Valiant as medical attendant to the vacht of the Vanderbilts, and Dr. James Gale, the blind medical electrician, actually received £50,000, the largest medical fee on record, for a few weeks' successful treatment of a millionaire's leg.—Westminster Gazette.

Stuck to the Programme.

A German editor told at a dinner in New York a new story about the German emperor.

"The emperor not long ago," he said, "was taken ill. Two physicians were called in. They examined the patient, decided that he had influenza and advised that he remain abed three days. In the midst of their advice and talk the imperial bodyguard drew up before the palace. Loud hurrahs sounded from the crowd outside, and the emperor rose and ran to the window. One of the physicians remonstrated, but the emperor interrupted him. 'It is necessary,' he said, with a laugh, 'for me to show myself at this window, for it is stated in Baedeker and the other guide books that I may be seen here from the street about this time every day.'"

To Toughen Lamp Chimneys.

New lamp chimneys are toughened and made more durable by putting them in water and heating gradually until it is boiling hot. When they have boiled five minutes set off the stove and allow them to cool in the water.

Faded Silks.

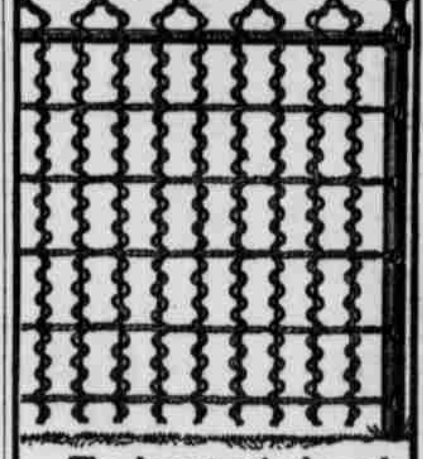

Faded silks should be sponged with warm water and soap, taking care not to apply the water too hot. Then rub with a clean, dry cloth. Iron on a flat board on the inside, thin paper being spread over to prevent glazing.

Paint Stains.

Equal parts of ammonia and spirits of turpentine will take paint out of clothing, no matter how dry or hard. Saturate the spot two or three times and wash out in soap-suds.
